

North Fork CDA River 319 Grant Assistance (Kootenai-Shoshone CD)

Program	District Technical Assistance (ISWCC)		
Lead Implementer	Idaho Soil and Water Conservation Commission		
Funders	Idaho Department of Environmental Quality		
Project Primary Contact	Bill Lillibridge (bill.lillibridge@swc.idaho.gov)		
Project Stage	Planning/Design	Duration	2021
Estimated Total Cost	\$0.00	Secured Funding	\$0.00
No Funding Source Identified Yet	\$0.00	Targeted Funding	\$0.00

Conservation Support > District Technical Assistance (ISWCC)

The proposed project encompasses approximately 900 linear feet of the North Fork of the Coeur d'Alene River. The Shoshone County Road department and 1 individual private landowner are expected to participate in this project.. At this site, the channel has split to the west and is impinging on the roadway for 615ft. A mid-channel bar is forming, forcing more water against the bank. The rock size is insufficient, and not reinforcing the fill toe. Additionally, there is erosion on an adjacent field that is adding more material to the river and meandering to expose m

Targeted Performance Measure

- Engineering & Technical Assistance Hours Requested: 101
- Engineering & Technical Assistance Hours Allocated: 120
- Engineering & Technical Assistance Hours Provided: 66
- Engineering & Technical Assistance Value: **\$4,602.15**

Project Themes

- Habitat and Species
- Healthy Watersheds
- Water

Location

Budget

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
